

PADI Night Diver SPECIALTY

COURSE OVERVIEW

Learn how to familiarize yourself with the skills, knowledge, planning, organization, procedures, techniques, problems, hazards and enjoyment of night diving.

PREREQUISITES

- PADI Advanced Open Water
- Dive Equipment (rental equipment is available for hire or see below for special discount on purchases)

COURSE DETAILS

On your Night Diver course you will learn about special equipment and techniques needed for safe diving at night. You will also learn more about torch use underwater and navigation techniques. You will complete 3 dives with the following activities:

- Hand signals with a dive light
- Gauge use
- Navigation at night
- Ascent & descent
- Buddy procedures
- Light failure technique

That's it! After day two you will be certified to enjoy the wonders of the ocean at night.

FURTHER EDUCATION

To continue your training from here, it's time to think about Enriched Air or the Wreck Speciality – or maybe you are ready to become a Divemaster! Dive World facilitate all of these PADI programs and more – speak to a Dive World Professional today about furthering your PADI education.

COURSE COSTS

Option One – Night Speciality Program \$550 including GST

Option Two – Night/Nitrox Combo \$795 including GST

This extra Speciality runs during the same weekend and will entitle you to use Enriched Air up to 40%, extending your dive time and reducing Nitrogen build up.

Option Three - One-on-One Program \$1050 including GST

Do you work weekends or prefer learning in a more personalised, one-on-one environment? Imagine having your own, personal PADI Dive Instructor teaching you this Speciality. You get two days of training and individual attention, running on your schedule. If you want to do the Deep/Nitrox Combo, the price is \$1295 including GST.

Course Cost Includes:

- PADI materials
- Certification fees
- Classroom training with a Dive World PADI Instructor
- 3 x open water dives

Not Included:

- Dive equipment (this can be hired out during the course – a Dive World Professional can provide you with rental prices)

WHAT YOU WILL NEED TO BRING

- Your completed Knowledge Reviews
- A valid diving medical (AS4005.1)
- Personal items such as sun screen, swimming garments, towel and dive equipment
- Packed lunch or money for lunch during the day
- Dive torch, knife and slate
