

PADI Search and Recovery SPECIALTY

COURSE OVERVIEW

The PADI Search and Recovery Specialty is a challenging adventure and in the process you learn some vital skills that can be drawn on in the event of a search and recovery procedure. Learn how to plan and conduct safe search and recovery dives in various environments, enhance your navigational skills, practice different methods for recovering lost or sunken objects and rigging a lift bag.

PREREQUISITES

- PADI Junior Advanced Open Water
- Minimum age 12 years
- Dive Equipment (rental equipment available for hire)

COURSE DETAILS

The Search & Recovery Diver Speciality course is completed over one evening (theory) and two days. Dive World can facilitate personalised courses which can be scheduled to suit individual needs.

WHAT WILL I LEARN?

On your Search & Recovery Diver course you will learn about special equipment and techniques needed for safely recovering items from the sea bed. You will also learn more about knot tying underwater and navigation techniques. You will complete four dives over two days with the following activities:

- Complete search patterns (various)
- Knot tying
- Lift bag use
- Perform a search and recover an object
- Safe ascent with an object

After day two you will be certified to search and recover items with use of a lift bag from the sea bed.

FURTHER EDUCATION

To continue your training from here, it's time to think about Enriched Air or the Wreck Speciality – or maybe you are ready to become a Divemaster! Dive World facilitate all of these PADI programs and more – speak to a Dive World Professional today about furthering your PADI education.

COURSE COSTS

Option One – Search & Recovery Specialty Program \$550 including GST

Option Two – Search & Recovery/Nitrox Combo \$795 including GST

This extra Speciality runs during the same weekend and will entitle you to use Enriched Air up to 40%, extending your dive time and reducing Nitrogen build up.

Option Three - One-on-One Program \$1050 including GST

Do you work weekends or prefer learning in a more personalised, one-on-one environment? Imagine having your own, personal PADI Dive Instructor teaching you this Speciality. You get two days of training and individual attention, running on your schedule. If you want to do the Search & Recovery/Nitrox Combo, the price is \$1295 including GST.

Course Cost Includes:

- PADI materials
- Certification fees
- Classroom training with a Dive World PADI Instructor
- 4 x Open water dives

Not Included:

- Dive equipment (this can be hired out during the course – a Dive World Professional can provide you with rental prices)
- Transport to the dive sites

WHAT YOU WILL NEED TO BRING

- Your completed Knowledge Reviews
- A valid diving medical (AS4005.1)
- Personal items such as sun screen, swimming garments, towel and dive equipment
- Packed lunch or money for lunch during the day
- Dive torch, knife and slate
